

IZABEL USHEVA

FRONTEND-DEVELOPER | React

Profile

<p>Everything started two years ago when I tried simple HTML & CSS. Today I consider myself a frontend developer who is curious, fast learning, and communicative.</p>

<p>I am looking for an environment, where I can continue improving my technical and soft skills. </p>

<p>I would also be interested in developing myself as a Product Owner where I can combine my technical skills and business knowledge. </p>
